MARY-GO-ROUND

Can't get enough of those jelly bean coloured comfy clogs? The **Crocs Mary Jane** (\$44.95) looks just like the signature Beach design with the same Swiss cheese holes but with an extra strap across the instep. Pair them with this season's colourful leggings and a mini for the cutest look in town. If you need something which functions on land as well as it does in water, step into the **Crocs Hydro** (\$79.95). Fitted with a Neoprene upper which holds your foot in place with a drawstring, you'll never have them slip out underwater. Available at Crocs/Marina Square and Vivo City.
