

# Get That

## BACK TO BASICS IN CROCS FOOTWEAR

**C**ROCS founders dreamed about the perfect boat shoe. They wanted fashion, function and fun in an extremely comfortable shoe. Launching its second and latest ladies' model, CROCS Inc. is taking on a more traditional and ladylike design of the Mary Jane style.

The Crocs Mary Jane is perfect for young girls and refined ladies, who want the comfort of Crocs and the femininity of Mary Jane all in one pair of shoes. With the typical low heels, rounded closed toes and strap across the instep, Crocs Mary Jane is made of Croslite, the

same material as other Crocs shoes, and packs in the usual comfort and functionality.

Crocs Mary Jane for women comes in red, army, black, orange, chocolate, pink, gold and burgundy. Burgundy is a brand new Crocs colour that makes its debut with Mary Jane. Mary Jane for both adults and children will be available in Crocs flagship store and Crocs new store at Vivo City.
