

Crocs Holidays

Inspired by the Mediterranean islands of Crete and Capri, these two new classic design sandals by Crocs make us feel like we're on an idyllic getaway somewhere. Targeted at males, the Crete sandals have a low profile with a wide footbed constructed specially for comfort; the Capri sandals, for females, boast a more slender footbed and elevated heels. Happy revellers will be lost for choice – each pair comes in six cheery colours that are sure to give an extra spring to your step!
