CROCS SPRING/ SUMMER COLLECTION

Anyone who hasn't been hiding under a rock this past year would surely have seen a pair of Crocs—these chunky, Swiss-cheesy-full-of-holes, crayola-colored clogs are all over the streets these days. This spring, Crocs takes its inspiration from the Mediterranean by introducing a range of funky sandals named after the Mediterranean Islands like Crete and Capri. For more covered up options, check out their Prima pumps in pretty pastel colours like Cotton Candy, Sea Foam and Lavender.

Crocs are available at VivoCity #01-3/04
